A FEW WORDS FROM AMIR RAFIEI, EXECUTIVE DIRECTOR

Our hearts go out to all who have been affected by the outbreak of Coronavirus (COVID-19). We understand the situation is challenging, not only for our Bernalillo Academy family, but for every community and business around the world. Please rest assured that we are monitoring the situation closely and staying up to date with the latest World Health Organization (WHO), Center for Disease Control and Prevention (CDC), and the New Mexico Department of Health (NMDOH) updates and protocols.

Bernalillo Academy continues to accept new admissions. We are also hiring additional staff that will provide support for our youth and provide economic relief for our community during these tough times. We have implemented an admissions and COVID-19 screening tool for every new admission and hire we make.

Please feel free to reach out to me (505) 924.6330 with any questions or concerns. Take care and be well.

Did you know????

Did you know Bernalillo Academy uses a crisis intervention program called Ukeru. Ukeru is a “Japanese” term that means “receive”. Ukeru is a crisis management technique rooted in the belief that the use of physical restraints isunnecessary and unproductive. The Ukeru method believes that all intervention educational and behavioral should be built on an approach of comfort rather than control. Through trauma informed training, Ukeru helps providers explore and understand the effects of trauma on behavior and functioning. Contact us for more information.
